Split is the largest Dalmatian city, the second-largest urban centre in Croatia, and the seat of Split-Dalmatia County.

The city is located on the shores of the Mediterranean, more specifically on the eastern shore of the Adriatic Sea.

In 1979, the historic centre of Split was included into the UNESCO list of World Heritage Sites. Split is said to be one of the centres of Croatian culture.

Split has a Mediterranean climate; hot, relatively dry summers and mild, wet winters.

The city of Split with its picturesque old town offers plenty of restaurants, bars, and shops for social activities and can be reached in 20 minutes by foot or in five minutes by bus (bus stop just in front of the Institute).
AN INTERDISCIPLINARY THINK TANK FOR CREATIVE BUSINESS and SCIENCE

Looking for a different and a more relaxed meeting venue in Split area?

Interesting meeting venue located in a wonderful natural setting overlooking the Adriatic Sea. Away from hotels and ensuring privacy and comfort, the venue is located within the Mediterranean Institute for Life Sciences – MedILS, life science institute envisioned as an international centre of excellence for molecular biology.

This institute is excellent for groups looking for a different meeting set up and a more relaxed meeting atmosphere. Surrounded by lush greenery and beautiful sea views, just a short drive from the centre of Split, this is a well suited space for meetings, seminars and team building activities. Proximity to Marjan Park forest is an added value as well as the possibility for groups to arrive or depart by boat from a nearby pier.

Various catering options are available onsite as well as a beautiful garden area that would be ideal for a group banquet.

Group sessions can be held outside in the Institute’s park where benches, desks, and wireless Internet access are available. The location affords a number of possibilities for after-work leisure activities, including swimming at nearby beaches, running and hiking in the forests of Marjan state park, or playing basketball at the Institute’s private court.
MedILS is the perfect place to hold conferences, seminars, retreats, and lecture series. It offers a large lecture hall, two seminar rooms, and plenty of common areas for informal discussions.

**BIG CONFERENCE HALL.**
The main lecture hall of MedILS seats over 120 people. Complete video projection and audio facilities are available and the hall is fully air-conditioned.

**SMALL CONFERENCE HALLS.**
Each small conference hall provides space for 20 - 35 people. The halls are equipped with video projection and audio equipment.

**MEETING OFFICE.**
Meeting office provides space for 10 people.
ROOMS.
The hotel complex of MediLS can accommodate up to 40 people. Comfort twin, double or three-bed rooms are designed and furnished to provide pleasant accommodation for our guests – comfortable beds, fine beddings, writing desk and modern bathroom will ensure that you enjoy your stay at MediLS. All rooms are fully air-conditioned and provide telephone and high-speed Internet access. Modern in interior design with beautiful nature all around, MediLS provide a charming atmosphere for each guest.

CATERING.
Three meals per day (breakfast, lunch, and dinner) and intermediate coffee/snacks could be organized at the Institute. Enjoy the traditional food and typical local spices of the Mediterranean cuisine, choosing between the fish or meat specialties. You can combine the exquisite cuisine and the excellent choice of Croatian wines.
Much of science, as well as business, is about discussions, tutoring, and brainstorming.

The various comfortable common areas throughout MedILS provide the optimal environment for dialogue.

**PARK.**

MedILS is located in a private, guarded park. Numerous benches and tables are available across the campus, providing opportunity for outdoor group work or discussions. The park is shaded by a dense grove of pine trees and overlooks the Adriatic Sea.

**SPORTS FACILITIES.**

MedILS has its own basketball court, table tennis and badminton equipment. In addition, the nearby Marjan state park forest offers plenty of trails for mountain-biking, hiking, and jogging and there are two cities’ beaches that can be reached in 10 minutes by foot.
The occasion for the banquet during the event is always a special experience.

At such an important moment everything has to be perfect. The atmosphere, the cuisine, the staff.

And a million more organizational details that are imperceptible to the eye the guests, carefully brought to perfection by the work team of professionals. Special attention is paid to the decoration of the banquet table (tablecloths, dishes, and decor), clothing, staff, menu list, impeccable service.

Allow yourself to be a guest at your own celebration. Rely on us to organize it and enjoy.
EXCURSION, CITY TOURS

We are pleased to help you in organisation of marvellous day trips - from a thrilling swim in a magical sea cave to discovering a national park whose gorgeous landscapes and thunderous waterfalls are so stunning, it’s a UNESCO World Heritage site.

Whether it’s the rich, ancient cultural heritage of Split, Trogir, Šibenik and Salona or the deep island beauty of Hvar, Vis, Šolta or Brač;

And for those who love the outdoors and nature, Croatia’s national parks, like Krka (just an hour away!) are just the beginning. Also within an hour is exciting white water rafting—on the Cetina River, as well as canyoning, diving, quad and buggy safari adventures.
GASTRONOMY

The Croatian gastronomy, especially along the coast and on the islands, is based on the tradition of natural and healthy Mediterranean food that is rich with vegetables, olive oil, fish, shells, wine, goat and sheep cheese, citrus fruit, grapes, figs and almonds.

Our cuisine is known for the way the food is prepared, and nutritionists consider it to be extremely healthy. The vegetable is cooked in small amounts of water and spiced with olive oil and herbs such as rosemary, sage, basil and marjoram.

The fish is prepared "al brodetto" (fish stew), boiled or grilled, while meat made under a baking lid has a unique flavour.

Different kinds of cheese, such as smoked, young (this year’s cheese) or oiled one are served as appetizers with prosciutto ham and olives. Even though it is recommended to take fresh or dry fruit for desert there are also all kinds of pastries made from fruit and different kinds of nuts.

And of course, one thing you cannot avoid whether eating salty or sweet food is a quality Croatian wine.
