

Izradi svoj diplomski na MedILS-u!

Ako si motiviran, znatiželjan i marljiv dodiplomski student i zainteresiran za karijeru u znanosti pridruži se grupi Dr. Ivana Đikića na MedILS-u. Pod mentorstvom Dr. Vanje Nagy bit ćeš dio projekta karakterizacije biološke funkcije novootkrivenog proteina. Tijekom projekta naučit ćeš metode molekularne biologije i biokemije. Iskustvo rada u laboratoriju je poželjno, ali nije nužno. Izabrani studenti primat će mjesečnu stipendiju i ukoliko bude potrebno bit će im osiguran smještaj na MedILS-u.

Svi zainteresirani neka pošalju pismo motivacije i životopis na email adresu vanja.nagy@medils.hr.

Positions open for a diploma project

Seeking highly motivated, curious, and hard working undergraduates with an interest in pursuing a career in scientific research to join the group of Dr. Ivan Đikić, under the guidance of his postdoctoral fellow, Dr. Vanja Nagy, for the purpose of completing their Diploma Projects. Qualified applicants will be included in an interesting and ongoing project characterizing the biological function of a novel protein. Individuals will be trained in techniques of molecular biology and biochemistry. Laboratory experience preferred, but not required. This is a paid position and for qualified individuals room and board at MedILS may be included.

All interested should send a motivation letter and CV to vanja.nagy@medils.hr for consideration.
